

Prayer for Media Personnel

Heavenly Father, we praise You and thank You for You are the best communicator. You have communicated the Love so personally to us, raising our dignity to that of your children. We have the privilege of serving You through the mass media. We also thank you for the magnificent tools You have provided for us to communicate, educate, and inform others. God our father, shower your blessings upon all the media personnel who are voice for the voiceless. Your Word is powerful; it has the power to give life and destroy that which is contrary to life. May we realize that our words can be creative or destructive. Give us the mind of Christ, genius of Holy Spirit, strength of Your Word, renewed heart of compassion and sanctification by the blood of Jesus.

Lord Jesus, you are truth, way and life. Protect all those who serve You in the news and media information fields. Grant them grace, strength, courage, discernment, understanding and wisdom so that they become a force of unity and reconciliation, instead of division and strife. Be their keeper and protector.

Lord, help them to see good in everyone, mercy in the ugly face of sin, and truth amid the confusion and chaos. Let light, truth and foundational values, and constitutional principles of our nation be re-established and championed by journalists and all media streams. We ask this through Christ our Lord, from whom all good things come, who lives and reigns forever and ever. Amen.
